Report on LaTeX Online Session

The Faculty Development Committee organized an online session on LaTeX for the teachers of Christ College. The session, aimed to introduce the basics of LaTeX and its application in academic writing, helping participants create professional-quality documents.

Ms. Pintukumari Bera was the resource person for the session, which was attended by the College Principal, Dr. Yvonne Fernandes, along with 41 teachers. It covered an introduction to LaTeX, its history, and key concepts such as document structure, text formatting, mathematical typesetting, and the use of graphics. A live demonstration was provided, showcasing how to write LaTeX code, compile research papers, and use templates for tables, figures, bibliographies, and citations.
