Faculty Development Committee 2024-25

FDP 5 Report

Date: December 30, 2024

Resource Persons: Ms. Tanvi Pandya

Topic: Application of AI for making Presentations and Documents

Session Summary:

An In-house Faculty Development Program was held on December 30, 2024, focusing on the "Application of AI for making Presentations and Documents." The session took place from 12:15 pm to 1:30 pm and was attended by 40 faculty members from the College, along with our esteemed Principal Dr. Yvonne Fernandes.

Ms. Tanvi Pandya served as the resource person for this informative session. She provided a hands-on demonstration and explanation of Gamma AI, a tool designed to streamline the creation of presentations and documents. The session covered how to use Gamma AI's features, its benefits for educators, practical tips and tricks, etc.

The faculty members actively participated in the session and gained valuable insights into leveraging AI for enhancing their presentation and document creation skills. This workshop aimed to equip faculty with modern technological tools to improve their teaching methodologies and administrative efficiency.

We express our sincere gratitude to Ms. Tanvi Pandya for sharing her expertise and facilitating this insightful session. We also thank the participating faculty members for their active engagement. Finally, we acknowledge the continued support and encouragement of our Campus Director and Principal.
